Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, L. H. Harris, Master, of the S. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of Surgeon.**

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." **Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, Master, of the S. S. Tremont, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).—**The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

solemnly, sincerely, and truly swear that I have had 35 years' experience as a Physician

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master, of the S. S. Tremont, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

### INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

#### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

#### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

#### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-4116

#### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

#### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

#### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 9 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Dr. B. B. Smith, Surgeon of the S. S. Tremont, sailing therewith, do solemnly, sincerely, and truly swear that I have had 25 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Diploma N. **INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. **Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Se. Yagi, of the Shi Maru, from Shanghai, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, One in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

736

I, M. Mitsukashi, Surgeon of the Alii, do  
solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of  
Japanese Government, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Ati Maru, residing therein, Surgeon of the Luca, do solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).  
Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, M. Mitubashi, Surgeon of the Ati Maru, do solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 2 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 10th day of January, 1908  
at Seattle, Wash.

Henry Kiss  
Immigration Officer.

\* State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of Surgeon.**

I, Surgeon of the Aki Maru, do  
 solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Government, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1110

AFRICAN (BLACK).

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master of the SS Alki Maru, from Norokama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$20; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Surgeon of the U.S. Marine Packing Shanghai, do solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, M. Mitsukashi, Surgeon of the Aki Excess, do  
solemnly, sincerely, and truly swear that I have had 2  
years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of  
Japanese Government, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 4 in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$20; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Visiting to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 20.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Y. Kimura*, Surgeon of the *steamship*, *IYO MARU*, sailing *thru* *th*

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among these several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 20.—**The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

H.S.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, W. Thompson, Master of the IMO MANU, from KOBE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 23rd day of January, 1908,  
at Seattle, Wash.  
Tom L. Kirk  
Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend with name and complete address.

**Columns 18 to 20.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Wm. Thompson, Master of the IYO MARU, from ROCKAWAY, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, W. F. Thompson, Master, of the IMO MARU, from 1025, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 23rd day of January, 1908  
at Seattle, Wash.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Owing to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Wm. Thompson, master of the IYO MARU, from Yokohama HONGKONG, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDER Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cubans (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Y. Kimura, Surgeon of the steamship, IYO MARU, sailing from Seattle,  
(State whether Surgeon "sailing ship" or "employed by vessel named," as the case may be.)  
 solemnly, sincerely, and truly swear that I have had fifteen years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Army as Surgeon, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

I, Wm. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, W. M. Thompson, Master of the IYO MARU, from YOKOHAMA, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, by their number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

11-1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:  
A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." **Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 25.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "Franco" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Charles Andrew Mack, of the St. Bernard, from Philadelphia, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, the in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either **M** (married), **S** (single), **Wd** (widowed), or **D** (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

**A farmer is one who operates a farm, either for himself or others.**

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CURAM.**

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

*Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.*

**Column 18 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

*Chris Austin Nash*, of the *U. S. S. Hammon*, from *Yokohama*, do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *one* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

*John Austin*  
Master Officer.

Sworn to before me this *15th* day of *July*, 190*8*,

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, S. Harvey Knowles, Surgeon of the S.S. Minnesota, Sailing Thru do  
(State whether Surgeon sailing there with or employed by owners thereof, as the case may be.)  
solemnly, sincerely, and truly swear that I have had twenty years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of the State of  
Washington, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

S. Harvey Knowles M.D.

Sworn to before me this 12th day of February, 1908.

Immigration Officer.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

U.S. S. R. B. M. S.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

*Chas. Austin* of the *U. S. S. Albatross*, from *Yokohama*, do solemnly, sincerely, and truly ~~swear~~ *testify* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *in* number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this *12<sup>th</sup>* day of *February*, 190*8*  
at *Wattler, Wash.*  
*Harry Weiss*  
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I certify that the above named persons, in number, are free from all contagious diseases.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Charles Austin Mott, of the U. S. S. Albatross, from Philadelphia, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, the in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 14 day of July, 1908,  
at Seattle  
Wm. J. Mott Officer.  
Wm. J. Mott  
Immigrant Inspector.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

The term "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A **farmer** is one who operates a farm, either for himself or others.

A **farm laborer** is one who works on a farm for the man who operates it. Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.  
**Column 4 (Sex).—**The entry in column 4 should be either M (male) or F (female).  
**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).  
**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
 A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:  
*A farmer* is one who operates a farm, either for himself or others.  
*A farm laborer* is one who works on a farm for the man who operates it.  
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
 Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.  
**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).  
**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.  
 Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**  
 The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
 "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).  
**SPANISH-AMERICAN.**  
 "Spanish-American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.  
 Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.  
**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).  
**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.  
**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.  
**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

*Mr. Yamatori*  
*K. Yamatori*  
 Surgeon of the *Kaga*  
 do solemnly, sincerely, and truly swear that I have had *ten* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *Japan*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *two* in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. Nagas, of the St. Thomas, from Hoboken, do solemnly, sincerely and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ~~by me~~ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 20th day of Feb'y, 1908,  
at Port Townsend, Wash.  
C. A. Palmer  
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.  
**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).  
**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).  
**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:  
A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.  
**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).  
**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.  
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, J. P. Agao, of the SS. Maria, from MOSE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, five in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 20th day of Feb'y, 1908,  
at Port Townsend, Wash.  
C. A. Palmer  
Immigration Officer.

J. P. Agao  
Commanding Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

m. Yamamoto  
 Surgeon of the Immigration, do  
 solemnly, sincerely, and truly swear that I have had ten years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of  
Medical School, Japan, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets are in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residences, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, M. Yamatori, Surgeon of the S. S. Tora Maru, do solemnly, sincerely, and truly swear that I have had ten years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japan, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. V. Hago, Master, of the S. S. "Los Angeles", from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 20.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, Three in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. Nagao master, of the s/s. Tosa Maru, from Kobe, Japan, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therefrom, the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 21 day of Feb, 1908,  
at Seattle

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. Vago Master, of the S.S. "Loa Enana", from San Juan, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

800

I, M. Yamatori, Surgeon of the S.S. "Kosa Yama", do solemnly, sincerely, and truly swear that I have had ten years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japan, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, first in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

I, J. J. Nagao, Master of the S. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

801

I, Mr. Yamatori, Surgeon of the S. S. Isawa, do  
solemnly, sincerely, and truly swear that I have had ten years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Japan  
and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, four in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

I, Second Officer, of the Am. Ste. 11-1118

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cubans (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.**

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, K. Asimoto, Surgeon of the Shuian Maru employee, do solemnly, sincerely, and truly swear that I have had three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Uichi Medical College, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, three in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, K. Kawara, Master of the Shinano Maru, from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

809

I, K. Akimoto, Surgeon of the Shimada Maru employed, do solemnly, sincerely, and truly swear that I have had three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Keio Medical College, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, three in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
†"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, K. Kawana, Master, of the Shinano Maru, from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, N. Akimoto, Surgeon of the Shimada Maru, employed, do  
(Name whether Surgeon, "Swearing himself," or "employed by others" as the case may be.)  
solemnly, sincerely, and truly swear that I have had three years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Rich Medical College,  
and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, three in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, K. Kawana <sup>Master</sup>, of the Shimano Maru, from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, K. Akimoto, Surgeon of the Shinano Maru, sailing therewith, do  
(State whether Surgeon "sailing therewith" or "employed by cargo vessel," as the case may be.)  
solemnly, sincerely, and truly swear that I have had three years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of  
Uichi Medical College, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, K. Kawara, Master of the Shinano Maru, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, True in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, H. Akimoto, Surgeon of the Shinano Maru, employed, do solemnly, sincerely, and truly swear that I have had three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Uchi Medical College, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, four in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, K. Kawara, Master, of the Shinano Maru, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Four in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cubans (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

815

I, K. Akinoto, Surgeon of the Shunano Ham, employed, do solemnly, sincerely, and truly swear that I have had three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Michi Medical College, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, four in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, K. Kawara master, of the Shinano Maru, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, four in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

816

I, H. Akinoto, Surgeon of the Shinano Maru, employed, do solemnly, sincerely, and truly swear that I have had three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Wichi Medical College, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, for in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.  
**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).  
**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).  
**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
 A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
 A farmer is one who operates a farm, either for himself or others.  
 A farm laborer is one who works on a farm for the man who operates it.  
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
 Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.  
**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).  
**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.  
 Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**  
 The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
 "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).  
**SPANISH-AMERICAN.**  
 "Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**  
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.  
**ITALIAN (NORTH).**  
 The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.  
**ITALIAN (SOUTH).**  
 The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."  
**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.  
 Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.  
**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.  
**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.  
**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).  
**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.  
**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.  
**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.  
**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.  
**Columns 19 to 23.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

822

I, K. Hayashi, Surgeon of the "Tango Maru", sailing thenceforth, do solemnly, sincerely, and truly swear that I have had four years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residences, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, Master, of the Italy from Hobbs, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 20 day of March, 1908,  
at Seattle,  
P. G. Ellis  
Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, J. E. Cape Mante, of the Tampa Maru, from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, \_\_\_\_\_ in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

McGowan  
Chief Officer.

Sworn to before me this 20 day of March, 1908,  
at Seattle,  
W. H. Miller  
Immigration Officer.

11-1115

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, K. Hayashi, Surgeon of the Tango Maru, sailing therewith, do  
(State whether Surgeon, Doctor, Pharmacist, or employed by  
 Government, or as the same may be.)  
 solemnly, sincerely, and truly swear that I have had Four years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Government, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, Three in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

Mr. K. Hayashi

Sworn to before me this 19th day of March, 1908  
 at Seattle, Wash.

Henry Weiss  
 Immigration Officer.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, J. E. Cope Master, of the Tango Maru, from Kobe, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 3 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I certify that the above named aliens, in number, are free from loathsome or dangerous contagious disease.

Hugh V. Conway  
Passed Assistant Surgeon, U. S. & M. H. S.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, Master, of the Empire Maru, from Yokohama, do solemnly, sincerely, and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 20 day of March, 1908,  
at Seattle,  
J. Ellis  
Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

332

I, H. Kayashi, Surgeon of the Tanjo Maru, Sailing thereunto, do  
solemnly, sincerely, and truly swear that I have had four years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Govt.  
and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

I, Master, of the Tango Maru, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).—**The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 29.—**The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, K. Hayashi, Surgeon of the S. Tanguhara, sailing therewith, do solemnly, sincerely, and truly swear that I have had Four years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets Three in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:  
A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 20.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Ed. Robert, Master of the Pharmat, from Hongkong, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

at Port Townsend, Wash.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, A. J. Freeman, Surgeon of the S.S. Shawmut, sailing therewith, do  
(State whether Surgeon "sailing there with" or "employed by one with whom," as the case may be.)  
solemnly, sincerely, and truly swear that I have had thirty years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Royal College  
of Surgeons England, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
† "Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Ed. Robert, of the Passenger, from Port Townsend, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "Franco" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 23.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island, of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

I, *E. W. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

341

I, R. P. Freeman, Surgeon of the S. S. Shammus, sailing Therewith, do solemnly, sincerely, and truly swear that I have had thirty years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Royal College of Surgeons, England, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cubans (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

845

I, R. F. Freeman, Surgeon of the SS. Phaenut, sailing Therewith, do solemnly, sincerely, and truly swear that I have had thirty years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Royal College of Physicians, England, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, M. Yagi master, of the Oki Maru, from Hongkong, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, of the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, One in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

11-1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, B. Chino, Surgeon of the Aki Maru, sailing therewith, do  
(Name of vessel; Surgeon "sailing therewith" or "employed by" cannot be used.)  
solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, M. Yagimaster, of the Aki Maru, from Shanghai, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, One in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 2 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).—**The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, polisher, molder, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

553

I, B. Chino, Surgeon of the Alii Oahu sailing therewith  
 solemnly, sincerely, and truly swear that I have had 1 years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Government, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

## CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

## WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

## SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

*Column 10 (Last permanent residence).—*The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 1b (Whether in possession of \$50; and if less, how much).—The entry in column 1b should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where.*)—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, B. Chino, Surgeon of the Albatross, many sailing therewith, do  
(State whether Surgeon, "Sailing Therewith," or "Employed by owner thereof," as the case may be.)  
solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Government, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

I, M. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-07, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, B. Chino, Surgeon of the S.S. Aki, main sailing therewith, do  
 solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Government, and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, One in number, are, according  
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical

An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

 solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, M. Yagi <sup>(Master, First or Second Officer)</sup> of the Atsuta Maru, from Yokohama, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 4 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 2nd day of April, 1908,  
at Seattle, Wash.

Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "Franco" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.**

I, First Officer, of the Steamship "Pike", from San Pedro de Macoris, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

SEATTLE  
WASH.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

solemnly, sincerely, and truly swear that I have had 25

each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.  
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 23.—**The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 3 (Age).—**The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).—**The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.  
**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).  
**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).  
**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:  
A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.  
**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).  
**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.  
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 13 (Whether having a ticket to such final destination).**—The entry in column 13 should be either Yes (ticket) or No (no ticket).

**Column 14 (By whom was passage paid).**—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 15 (Whether in possession of \$50; and if less, how much).**—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 16 (Whether ever before in the United States; and if so, when and where).**—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 17 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 18 to 29.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Column 5 (Married or single).—**The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

*A farmer* is one who operates a farm, either for himself or others.

*A farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).—**Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).—**Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).—**The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).—**The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—**The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).—**The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).—**The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).—**The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).—**The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).—**The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.—**The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.**

**Column 3 (Age).**—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 4 (Sex).**—The entry in column 4 should be either M (male) or F (female).

**Column 5 (Married or single).**—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

**Column 6 (Calling or occupation).**—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 7 (Able to read and write).**—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

**Column 8 (Nationality).**—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 9 (Race or people).**—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 12 (Final destination).**—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The entry in column 14 should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50; and if less, how much).**—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 18 (Going to join relative or friend; and if so, what relative or friend).**—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 19 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, B. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 25.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of Surgeon.

I, Y. Kimura, Surgeon of the S/S "Iyo Maru", Tokohama, do  
(State whether Surgeon "sailing ship" or "employed by owner thereof," as the case may be.)  
solemnly, sincerely, and truly swear that I have had fifteen years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese  
Army, and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, One in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, J. Kimura, Surgeon of the Yokohama, Sailing through, do solemnly, sincerely, and truly swear that I have had fifteen years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Japanese Army, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, One in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.
